

## IndiaStar Award

Reliance Life Sciences has bagged IndiaStar 2010, the National Awards for Excellence in Packaging for its products ReliHeal-G (Biopolymer wound management product), MiRel (Tissue Plasminogen Activator) and ReliPoietin (Erythropoietin). IndiaStar awards are held in great esteem in India and have been receiving an overwhelming response year after year with organizations participating with innovative packaging design and development nominations. The jury received the highest record of 493 entries this year.

## WorldStar Award

Reliance Life Sciences also won the WorldStar Awards instituted by the World Packaging Organization for its product - MiRel (Tissue Plasminogen Activator). The formal award presentation will be held on May 16, 2011, during the Interpack event in Germany.
